Attachments: Silver Bow Butte Briefing Paper.docx; Anaconda Smelter Briefing Paper.docx

Flag: Flag for follow up

Hi all,

Attached are the draft briefing papers for Butte and Anaconda in which the site teams have provided input. I hopefully captured all the comments, but please adjust if necessary. They are a bit longer than one page so we can cut where necessary. Let me know if you have any questions. Thanks.

Subject: Close Hold - Please Read
Importance: High

Hi All – The Administrator will be visiting Region 8 September 6-10. We are still working out the specifics of the agenda but you are being notified because your site is on the agenda to be visited. Some of the site visits will likely occur over the weekend, so if this presents a problem we understand and you are not required to be present. If you are able to attend, that is great and we will ensure you get compensated. At this time, please keep this information very close hold but I wanted you to have enough advance notice to determine whether you can be available on the weekend and also help to begin to prepare materials. There will be a region-wide communication prior to the visit.

The sites visits on the draft agenda (please note the dates are subject to change):

East Helena and Butte – 9/7 (Friday)

Anaconda– 9/8

Rocky Flats and Rocky Mountain Arsenal– 9/9

Materials:

- Please draft a background paper for your site following a similar format to the model attached. If possible, also include photographs of the portions of the site we'll be visiting showing what it used to look like (e.g., the stack in Anaconda- Doug found these pictures really impressive to look at to see the site as it used to be while standing at the site), as well as any other pictures that you think would be of interest to the administrator.

-Rob and Vera – we are working on scheduling a detailed briefing on Rocky Flats at Doug's request before August 31st. Please prepare a background briefing for Doug on this site to have for Sandy and my review by COB Friday.

If you have any questions, please let your unit chief or Sandy or me know. Also, let your manager know by the end of the week if you will be available to attend the visit at your site. Thanks!

Betsy
